

# INSTANT TENSOR SERUM

Instant Tensor Serum is a natural concentrated anti-aging skincare, suitable for all skin types. It combines the power of an ultra-tightening serum with the comfort of a moisturizing serum. Its signature fragrance reveals a delicate aromatic scent.

## CHARACTERISTICS

Tube of 15mL.  
For all skin types.

**LIFTING - FIRMING - PLUMPING - REVITALIZING - MOISTURIZING**

20% of the total ingredients are from Organic Farming and  
98,5% of the total is of natural origin.

COSMOS NATURAL certified by Ecocert Greenlife according to COSMOS standard.

## FEATURES AND BENEFITS

	FEATURES	DESCRIPTION	BENEFITS
	<p><b>PEPTIDES</b> Wheat protein complex</p>	<p>The wheat protein complex contains a hundred of amino acids, all together forming peptides, which are hydrolysed proteins. Peptides bind to the skin to form a smooth and elastic film that will tighten the epidermis for an immediate firming effect. Peptides contribute to improve the mechanical resistance of the skin and confer an anti-slackening effect in the long term.</p>	<ul style="list-style-type: none"> <li>• Immediate tightening effect</li> <li>• Reduces wrinkles and fine lines</li> <li>• Refines skin's texture</li> </ul>
	<p><b>BROWN ALGAE</b> Sphacelaria Scoparia</p>	<p>Activates collagen synthesis for a remodeling and firming action.</p>	<ul style="list-style-type: none"> <li>• Reshapes the facial contours</li> <li>• Reduces wrinkles and fine lines</li> </ul>
	<p><b>HYALURONIC ACID</b> Low Molecular Weight (LMW)</p>	<p>With skincare, added LMW Hyaluronic Acid can softly wrap the skin and actively participate in rejuvenating it. This ingredient hydrates and plumps the skin by forming a protective film so that water is retained into the skin. This film smoothes the surface of the skin and its wrinkles. LMW Hyaluronic Acid, is a micro molecule that penetrates deeply into the epidermis layers. It moisturizes deeply and replumps from the inside.</p>	<ul style="list-style-type: none"> <li>• Moistures deeply</li> <li>• Plumps the skin</li> <li>• Fills wrinkles and fine lines</li> </ul>
	<p><b>FUCOCERT®</b> Plant origin Polysaccharide* *from organic certified agriculture</p>	<p>Fucocert® stimulates cell renewal, which contributes to having a visibly younger skin. It has excellent moisturizing and soothing properties. Polysaccharides help fight dehydration by forming an aqueous film that helps to reduce water loss.</p>	<ul style="list-style-type: none"> <li>• Moistures deeply</li> <li>• Soothe immediately</li> <li>• Anti-aging action</li> </ul>

	<p><b>PURE SEAWATER ISOTONIC</b></p>	<p>Collected from a protected area from outside pollution, the sea water is filtered of all impurities and sterilized by microfiltration. Pure Seawater revitalizes and remineralizes the skin by a synergic diffusion of minerals and trace elements. Seawater at a perfect degree of salinity creates an isotonic environment for cells. Thus the concentration of water is similar in solute to that of the membrane of our cells. Cells will recognize the same concentration and take what they need in minerals and trace elements for an optimum effect. Through biomimicry, seawater increases the product's effectiveness by promoting the diffusion of active ingredients through the skin barrier.</p>	<ul style="list-style-type: none"> <li>• Revitalizes</li> <li>• Soothes</li> <li>• Protects the skin</li> </ul>
	<p><b>RED ALGAE GEL</b></p>	<p>Red Algae Gel contains Chondrus crispus extracts, known as sea Lichen. Sea Lichen is a red alga that lives on the coast rocks. This algae is rich in Sulphated polysaccharides, essential amino acids, vitamin C, magnesium, iodine, iron, copper and zinc. Red algae gel is moisturizing, soothing, healing, softening and remineralizing. It brings radiance and brightness to the skin.</p>	<ul style="list-style-type: none"> <li>• Skin looks visibly younger</li> <li>• Brighter complexion</li> </ul>
	<p><b>BARLEY ORGANIC FLORAL WATER</b> *from organic certified agriculture</p>	<p>The barley organic floral water, is a concentrate of nutrients rich in vitamin B, carotenoids, mineral salts, essential amino acids and trace elements. Thanks to its nourishing and revitalizing properties, it regenerates the skin making it visibly younger and brighter.</p>	<ul style="list-style-type: none"> <li>• Brighter complexion</li> </ul>

**INGREDIENTS**

AQUA (WATER), MARIS AQUA (SEA WATER), HORDEUM VULGARE STEM WATER\*, ANTHEMIS NOBILIS FLOWER WATER, GLYCERIN, CARRAGEENAN (CHONDRUS CRISPUS (CARRAGEENAN) EXTRACT), BENZYL ALCOHOL, HYDROLYZED WHEAT PROTEIN, CAPRYLYL/CAPRYL GLUCOSIDE, PARFUM (FRAGRANCE), SODIUM HYALURONATE, DEHYDROACETIC ACID, LIMONENE, SODIUM HYDROXIDE, LACTIC ACID, SPHACELARIA SCOPARIA EXTRACT, CITRONELLOL, LINALOOL, SODIUM BENZOATE, BENZYL SALICYLATE, BIOSACCHARIDE GUM-1, POTASSIUM SORBATE, CITRAL, GERANIOL, SODIUM LEVULINATE, GLYCERYL CAPRYLATE, SODIUM ANISATE.

**SUGGESTED USAGE**

We recommend applying Instant Tensor Serum morning and evening.

**IN THE MORNING:** On perfectly cleansed face and neck, start your Cerule Skin application ritual with the Instant Tensor Serum and then apply CC Cream.

**IN THE EVENING:** Apply Instant Tensor Serum and then apply a night skincare product.

**APPLICATION:** Collect a few drops of serum with your fingertips, apply on the face, around the eyes and the neck with smoothing movements. The serum is applied gently without wrinkling or pulling on the skin. With its light texture, the serum is rapidly absorbed by the epidermis.

**CERULE SKIN VALUES**

Cerule Skin products are made with Pure Seawater and Algae from the island of Molène. Molène belongs to the Iroise Islands and seas Biosphere Reserve.

Located on the coast of Brittany in France, this reserve is almost 100,000 hectares wide. There are strong currents, high tides and the water can reach 20 meters in depth. This reserve has significant biodiversity, encompassing more than 600 species of algae, large sea bird colonies, and populations of basking shark and gray seal.

The island of Molène is a marine area protected by UNESCO, and also by the Regional Natural Park of Armorique, the Marine Park of Iroise, and the European ecological network Natura 2000.
